REVISED STATUTES

OF KENTUCKY, NEW EDITION.

BY HON. R. H. STANTON.

this valuable work, prepared with great accuracy and labor, by the Hon. B. H. STANTON, of Mays ville, Ky., contains the Bavised Statutes of Kentucky, as originally adopted in 1851-1852, with all the amendments thereto, and general laws of the State, enacted since and up to the present time; thus ambodying the whole Statutory System now in force in the State. in addition to the very great convenience of having all the Statutory Law condensed lute a single work well arranged, tha text of these volumes is illustrated and enriched by full and copious notes of the Decisions of tha Court of Appeals of Kantucky, settling the construction of such provisions as may heretofore have been of donbtful or uncertain meaning. Those en gaged in the administration of the law in Kentacky. will be saved much labor of research by thus having, in n small compass and condensed form, the whola practical working of the Statutory System of the State. in truth, the work will be found of great value to all

classes of persons. The work is comprised in TWO BOYAL OCTAVO VOLUMES, printed with new, clear type, upon the very best paper, and hound in supertor law hinding

# HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BIT TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a repu untion heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Birters for the last year amounted to over a hali million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the prepara-tion, and the sauction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at ull times to give testimonials to its officacy in all eases of stomachie derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trum-peting the qualities of the Bitters, but a solid stimation of an invaluable medicine, which idestined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and agn-and various other bilions a mplaints have counted their victims by luncreds. To be able to state confidently that the "Bitters are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of un alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system. giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver and ther digestive organs mildly but powerfully, and soon restores them to a condition essential to the healthy discharg. of the functions of nature.

Elderly persons may use the Bitters daily an per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate invigorating to the bowels, excellent as a tonic and rejuvenating generally. We have the evidence of thousands of aged men and women wbo have experienced the benefit of using this preparation while suffering from stomach de-rangements and general debility; acting under be advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. I few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender. that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here. then, is a necessity for a stimulant to recupe rate the energies of the system, and cuable the mother to bear up under her extansing trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigora tors that receive the endorsement of physicians, because it is agreeable to the taste so well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malarla, diarrhous, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach superannuated invalids, persous of sedeutary occupation, and nursing mothers, will consult their own physical welfare by giving to flow tetter's Celebrated Stomach Bitters a trial. CAUTION .- We caution the public against

using any of the many imitations or counter feits, but ask for HOSTETTER'S CELEBRATEL STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" plown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the Prepared and sold by HOSTETTER &

We under stand that when the Board of Directors of the Colonization Society invite a gentleman to make the address at the annual meeting of the Socie ty, it never suggests to the speaker what topics he should discuss. He is left to his own judg ment as to his opinions, and his full freedom to unfold them. The Society must fall back upon is constitution as the exponent of its object, and the method it will adhere to in carrying it out. Mr. Williams has therefore spoken with aut traininel, and the Society cannot consider she hus spoken through ber speaker in the advoca ey of a forcible expulsion of the free blacks from the State by legislative power. It is consistert, and wise that the Colonization Society should adhere firmly to her long practiced course of taking to Liberia the free blacks who voluntarily desire the Society to take them there .-Mr Williams would be one of the last to advise that the Society should change this feature in ts constitution, as the matter new stands in the

All christian nations united in the abolition of this trade, and from Pitt and Fox, of the British Parliament, who were impelled and sustained by the arguments of their countryman and colleague, Wilberforce, whose soul and heart were devoted to this great ause; from Wushington, Franklin, and Jeffer on, and other great statesmen, there was atter d hut one sentiment on the subject, and that was for its suppression. A traffic so abhorrent to dress in our paper Our readers will read Mr. all law, human and divine, accompanied with so many crimes, followed by so much suffering, vading the most sacred human rights, pervaded with more cruelty than any other trule known to ommerce, could not possibly be sustained by the civilized nations of earth, although the strug gle for its overthrow was long and protracted, commanding as it did the statesmanship of the wisest and best men of the age. When it was overthrown, there was no heart in the bosom of universal manhood that did not beat with a marc generous aml noble impulse, and which did not espoud to the act that consummated its over throw, with a cheerful and cordial approhation. The enactments of the national legislature have been equal to the demands of public sentiment on this subject. Each was passed in strict ac-cordance with the wishes of the people. The pistory of the several laws of Congress, as they follow each other, need only to be referred to as proof of this sentiment. Even that of 1820, which declares the slave trade to be piracy, und provides the death penalty for those who shall fanatic be engaged in it, was passed in accordance with public opiuion, and since its promulgation no complaint has been heard till recently, nor has A meeting of the Poard of Directors of the state Agricultural Society, will be held at Frank-Are not the Polytham of Polytham 1860, for the fort, on the 23d day of February, 1860, for the purpose, among other business, of receiving Shall not its provisiona be sustained, and its pen alties enforced? Jan. 8, 1860. SAMUEL'S BARBER SHOP. Remittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Hendache, or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in biliary deraugement, caused by the Malaria of miasmatic countries.

No one remedy is louder called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quan-

That which protects from or prevents this disorder must be of immense service in the communities where it prevails. Prevention is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "Cure" expels the miasmatic poison of FEVER AND AGUE from the system and prevents the develop-ment of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of every body; and in bilious districts, where Fever and Ague prevails, every body should have it and use it freely both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is, that it contains no Quinine or mineral, consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and Derangement of the Stomach, all of which, when originating in this cause put on the intermittent type, or become periodical. This "Curu" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immi-grants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be exercted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Heuce it is even more valuable for protection than cure, and few will ever suffer from Intermittents, if they avail themselves of the protection this remedy af-

Their penetrating properties scarch, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis ray American Almanac, containing certificates of their cures and directions for their use in the following complaints: Contine-

A Life leasurance Company, held in the city of Frank brt, Ky., Decamber 4th., 1853, the following was unanimously adopted:

"The undersigued, President and Directors of the Company, have examined the report and exhibit of the New York Life insurance Company for the half year ending July 1st, 1858, and being suttended with its prosperous condition, cordially recommend it to the encoragement and support of the community.

The New York Life insurance Company ness been in existence fourteen years, its capital has attained the sam of \$1,500,000, invested in state stocks, honds and mortgages on real estate.

We think it a most safe and profitable mode of investing money. The profits ennre to the benefit of tha insurace? and have averaged not less than 39 per cent perannim on the premium paid.

Besides these investments in stock, dec., the aw of New York requires as additional security, that \$100,000 shall be deposited with the State Comptrollar, to meet any lawful siemands which the Company may fail to pay.

We invite attention to the neture, objects and advantages of Life Insurance as set forth by this institution. It will be seen by the above statement that this Company is in a flourishing condition. Those desirous of information in regard to the subject of Life Insurance would do weil to call on the Local Agent of the share company, who will give them any information that may be desired, or for reference apply to either member of the local Beard, all of whom are insured in this office.
